

MIG-250ET/270ET

- IGBT Module
- Synergic operation
- 15KG welding loading

- 👍 MIG/MAG/MMA/LIFTTIG Welding machine.
- 🌐 2T/4T/S4T wire feeding.
- 📄 Wire dimension select.

Applicable Materials

- ordinary low carbon steel

Applicable Industries

- automobiles, motorcycles, steel furniture, file cabinets, anti-theft doors, protective fences and fitness equipment

INDUSTRIAL-USE MIG INVERTER WELDING MACHINE

	Unit	MIG-250ET	MIG-270ET
Rated input voltage / frequency	V/Hz	220V±15%	220V±15%
Rated input power	KV	10	10
Output no-load voltage	V	12-32	12-32
Rated input current	A	12	12
Welding current range	A	30-250	30-270
Rated duty cycle	%	40	60
Efficiency	η	≥60%	≥85%
Power factor	Cosφ	0.79	0.85
Wire diameter	mm	0.8-1.2	0.8-1.2
Insulation class		H	H
Protection class	IP	IP21S	IP21S
