

Features

- The generator is equipped with an recoil starter, which makes start-up easy and convenient
- The robust housing protects the genset from external influences and is ideal for use in harsh environments
- It offers easy starting, overload protection and automatic cut-off in case of fuel shortage
- This Generator genset features low fuel consumption which ensures longer run times and greater efficiency
- Good quality oil and fuel are imperatives for using the equipment
- It offers high performance, easy to operation, and rugged design can withstand demanding environments

PERFORMANCE			
Voltage	230V	Frequency	50 - 60 Hz
Starting Watts	3000 W	Rated Watts	2700 W
ENGINE			
Engine	Gasoline Engine	Engine Type	4-stroke OHV single cylinder
Noise Level	90 dB (a) (7 m)	Displacement	212 cc
OVERALL DESIGN			
Fuel Tank	20 L	Bore X Stroke	70 X 55 mm
Oil Capacity	0.55 L	Starting Mode	Recoil Start
GENERATOR SET			
Length	590 mm	Width	460 mm
Height	510 mm	Net Weight	49 KG
